# ▶ EXCURSIONS

## Excursion to Toledo

Traveling to Toledo is traveling to the past. On this excursion, we will witness the traces left by the three cultures that lived in this ancient city: the Jewish synagogue, the Arab mosque and the Christian Cathedral. In addition, we will visit a workshop to learn how swords are forged, and we will contemplate the views of the city from the most famous viewpoint over the Tagus River.

## Visita to Segovia + La Granja de San Ildefonso

Segovia has a monumental complex declared a World Heritage Site by UNESCO. Its Roman aqueduct, the best preserved in the world, has 166 arches and 120 columns. We will also visit the Alcazar, a fortress-palace that takes us to another time. To complete the visit, we will travel to the gardens of the Palacio de la Granja de San Ildefonso. There the impressive sources of mythological influence await us and we will breathe the pure air of the mountains.

## Excursion to Salamanca

The oldest university in Spain is located in the quiet city of Salamanca. Therefore, there is a saying that "whoever wants to know, go to Salamanca". There are hundreds of curiosities and stories to discover in every corner of the city. Salamanca is also the best place to taste a plate of Serrano ham, the jewel of Spanish cuisine.

## Excursion to the Sierra de Madrid

There is nothing better to escape the heat and bustle of Madrid than to visit the Sierra located northwest of the city. We will spend a day of hiking, activities and gymkanas that will allow us to enjoy and reconnect with nature.
