# FOUNDATION YEAR SPANISH

## General description

Intensive Spanish classes for students with university degrees who want to access masters or PhD and those with Higher Level Vocational Training Cycle. For all of them, we offer a specific Spanish program to facilitate the admission and the integration into the Spanish university, depending on their university studies.

## The exam

After finishing their studies, they can take a DELE or SIELE exam.

The Spanish DELE diplomas are diplomas issued by the Spanish Ministry of Education and Vocational Training. The exams are offered from CEFR level A1 to C2 and the candidate can decide which one to take. Each exam consists of four papers and is taken on paper, in an examination centre and on fixed dates announced annually by the Instituto Cervantes.

The SIELE (International Spanish Language Evaluation Service) accredits the mastery of the Spanish language for young people and adults for whom Spanish is a foreign, second or native language. It is created and approved by the CI, UNAM, USAL and UBA, and guarantees the strong presence of different language varieties of Spanish. It offers the possibility of taking a complete exam or just a few tests if you wish to accredit partial language skills. The test consists of reading comprehension, listening comprehension, oral expression and interaction.
