# THE CITY

Seville is the quintessential Spanish city. Spending a summer in Seville is a colorful experience of art and music. Walking around parks, streets and the most emblematic places is to step back in time of Spain as Seville is one of the most historic cities in Spain.

Inscribed by UNESCO, Seville has wonderful weather with more than 300 days of sunshine a year. With mild winters and hot summers Seville can be visited year round.

Seville has an endless list of impressive monuments, such as the Spanish Square, the Cathedral and the Giralda, parks and events that are waiting to be discovered by you.

The activities you do will not only help you learn Spanish, but also to introduce you to the culture of this wonderful city. You will discover that Seville is a city full of history, the site where the first journey around the world took place. It all started in the Guadalquivir river where you can walk by and sail on.

Seville also has a great offer of leisure activities. You can go shopping at some of the fanciest shops and go out to crowded and lively places. Sitting down in a bar or café with your classmates to have a drink while chatting and sharing some typical dishes is all part of the experience.
